

# FIORDLAND HOT TUB & SPA

Our new Foam Wall 5 Person Fiordland Portable Hot Tub & Spa is the deepest Hot Tub & Spa in the market. Totally submerge your shoulders and neck for a full massage. Our Hot Tub & Spa also comes with a tough and durable laminated vinyl liner and a 6" cover that is tapered and lockable for insulation and security.

The Fiordland Portable Hot Tub & Spa is designed and built for the British weather in mind and can operate in all weathers due to its unique insulated 5" thick foam walls unlike the inflatable hot tubs you see for hire.

We have designed the Fiordland Portable Hot Tub & Spa to be truly portable – the hot tub & spa can be easily placed anywhere from a tight back garden to the top of a penthouse in the city Centre.
